## HOME SWEET HOME

We certainly live in an enchanting place. Some of us were lucky enough to grow up here in Talbot County while the rest of us migrated to this place of beauty over the years. I can not think of a more beautiful and peaceful spot to be in. Over the last seven months, people all over the world have been asked to stay home and even possibly quarantine to keep a virus at bay. These mandates have given us given us the opportunity to slow down, look at all the things around us more closely and given us a renewed feeling of being grateful and

thankful about where we live. The beauty that surrounds us here in Talbot County is endless.

I watched an eagle, perched on a dead pine tree limb, eat a freshly caught rockfish fifty feet from my porch. I was captivated by at least fifteen bluebirds fluttering around

a maple tree at one time. I saw three sweet bunnies leap frogging over each other as they played one evening.

Whether we have had the opportunity to give more time to our gardens, watch the incredible wildlife that lives beside us or see the fall colors so vividly this year, let's be thankful. I certainly am.
