Valentine's Day Bookends Our Crazy Year with Continued Hearty Dedication to Hospice!

For Valentine's Day 2020, TCGC's Hospice Committee gathered *inside* Hospice to present floral arrangements. This year on Valentine's Day 2021, we gathered *outside* Hospice to leave bouquets on a bench. In between, the Committee grew in size and scope. With fewer activities around, more TCGC members eagerly engaged their floral talents to provide Hospice with more flowers, more often. Hospice welcomed the cheery adornments.

According to Kara Hope, RN, BSN, Hospice House Clinical Director: "Hospice looks forward to special holidays because we know we will receive flower arrangements from the Garden Club. It means so much to be able to surprise the patients with the beautiful arrangements and see the smiles on their faces when they receive them. We also love to place them around the Hospice House so the staff and visitors can enjoy them as well!!!"

VALENTINE'S DAY 2020:
 Hospice Committee Co-Chairs
 Carol Harrison & Maribeth Lane

TCGC has had a warmhearted community-minded relationship with Talbot Hospice since its founding in the 1980s. Then under the leadership of Caroline Benson and Ellen Rajacich, our Hospice Committee provided interior floral and landscaping services weekly.

VALENTINE'S DAY 2021:
